Our Full Color Equipment

Four color printing simply means that four different ink colors are used or combined to create the range of printable colors.

Four-color printing refers to the four color plates - cyan, magenta, yellow, and black (CMYK) - that are used in offset printing presses and most digital presses. These four colors are combined in formulas to make up a range of colors.

PRINTING TRADE CUSTOMS & TERMS

Trade Customs have been in general use in the Printing Industry throughout the United States for more than 50 years.

QUOTATIONS - A quotation not accepted within thirty (30) days is subject to review. A production schedule is provided with each quote, if earlier time frame requested after quote given, pricing is subject to change and may include additional fees.

ORDERS - Orders regularly entered, verbal or written, cannot be canceled except upon terms that will compensate printer against loss.

EXPERIMENTAL WORK - Experimental work performed at customer request such as sketches, drawings, composition, plates, press-work and material will be charged for at current rates and may not be used without consent of printer.

PREPARATORY WORK - Sketches, copy dummies and all preparatory work created or furnished by the printer, shall remain his exclusive property and no use of same shall be made, nor any ideas obtained therefrom be used, except upon compensation to be determined by the printer.

CONDITION OF COPY - Estimates for typesetting are based on the receipt of original copy or manuscript clearly typed, double spaced on 8.5 x 11" uncoated stock, one side only. Condition of copy which deviates from this standard is subject to re-estimating and pricing review by printer at time of submission of copy, unless otherwise specified in estimate.

PREPARATORY MATERIALS - Artwork, type, plates, negatives, positives and other items when supplied by the printer shall remain his exclusive property unless otherwise agreed in writing.

ALTERATIONS - Alterations represent work performed in addition to the original specifications. Such additional work shall be charged at current rates and be supported with documentation upon request.

PROOFS - Proofs shall be submitted with original copy. Corrections are to be made on "master set" returned mark "OK" or "OK with corrections" and signed by customer. If revised proofs are desired, request must be made when proofs are returned. Printer regrets any errors that may occur through production undetected, but cannot be held responsible for errors if the work is printed per customer's OK, or if changes are communicated verbally. Printer shall not be responsible for errors if the customer has not ordered or has refused to accept proofs or has failed to return proofs with indication of changes or has instructed printer to proceed without submission of proofs.

PRESS PROOFS - Unless specifically provided in printing quotation, press proofs will be charged for at current rates. Any changes, corrections or lost press time due to customer's change of mind or delay will be charged for at the current rate.

COLOR PROOFING - Because of the differences in equipment, paper, inks and other conditions between color proofing and production press-room operations, a reasonable variation in color between color proofs and the completed job shall constitute acceptable delivery. Special inks and proof stocks will be forwarded to customer's suppliers upon request at current rates.

OVER RUNS OR UNDER RUNS - Over runs or under runs not to exceed 10% of quantities ordered up to 10,000 copies and/or the percentages agreed upon over or under quantities ordered above 10,000 copies shall constitute acceptable delivery. Printer will bill for actual quantity delivered within this tolerance. If customer requires guaranteed "no less than" delivery, percentage tolerance of overage must be doubled.

CUSTOMER'S PROPERTY - The printer will maintain fire, extended coverage, vandalism, malicious mischief and sprinkler leakage insurance on all property belonging to the customer, while such property is in the printer's possession. Printer's liability for such property shall not exceed the amount recoverable from such insurance.

DELIVERY - Unless otherwise specified, the price quoted does not include shipping costs. Proposals are based on continuous and uninterrupted delivery of complete order, unless specifications distinctly state otherwise. Charges related to delivery from customer to printer or from customer's supplier to printer are not included in any quotations unless specified. Special priority pick up or delivery service will be provided at current rates upon customer's request. Materials delivered from customer or his suppliers are verified with delivery tickets as to cartons, package or items shown only. The accuracy of quantities indicated on such tickets cannot be verified and printer cannot accept liability or shortage based on supplier's tickets. Title for finished work shall pass to customer upon delivery, to carrier at shipping point, or upon mailing of invoices for finished work, whichever occurs first.

PRODUCTION SCHEDULES - Production schedules will be established and adhered to by customer and printer, provided that neither shall incur any liability or penalty for delays due to state of war, riot, civil disorder, fire, strikes, accidents, actions of Government or civil authority or other causes beyond the control of customer or printer.

CUSTOMER FURNISHED MATERIALS - Paper stock, camera copy, film, color separations, and other customer furnished materials shall be manufactured, packed and delivered to printer's specifications. Additional cost due to delays or impaired production caused by specification deficiencies shall be charged to the customer. Liability is limited to the invoice for the work produced and NOT the cost of the stock provided. We will not replace lost, damaged or destroyed stock provided unless specified ahead of time.

TERMS - Payments shall be net cash thirty (30) days from date of invoice unless previous terms have been stated. Claims for defects, damages or shortages *MUST* be made by the customer in writing within a period of thirty (30) days after delivery. Failure to make such claim within the stated period shall constitute irrevocable acceptance and admission that they fully comply with the terms conditions and specifications. Printer's liability shall be limited to stated selling price of any defective goods, and shall in no event include special or consequential damages, including profits (or profit loss). As security for payment of any sum due or to become due under terms of an Agreement, printer shall have the right, if necessary to retain possession of and shall have a lien on all customer's property in printer's possession including work in process and finished work. The extension of credit or the acceptance of notes, trade acceptances or guarantee of payment shall not affect such security interest and lien.

INDEMNIFICATION - The customer shall indemnify and hold harmless the printer from any and all loss, cost, expense and damages on account of any and all manner of claims, demands, actions and proceedings that may be instituted against the printer on grounds alleging that the said printing violates any copyright or any proprietary right of any person, or that it contains any matter that is libelous or scandalous, or invades any person's right to privacy or other personal rights, except to the extent that the printer has contributed to the matter. The customer agrees to, at the customer's own expense, promptly defend and continue the defense of any such claim, demand, action or proceeding that may be brought against the printer, provided that the printer shall give to the customer such reasonable time as the exigencies of the situation may permit in which to undertake and continue the defense thereof.
